Subject: Publications on Assessment by Centre for Assessment, Evaluation and Research (CAER)

Dear All,

The Centre for Assessment, Evaluation, and Research (CAER) is striving to develop global capabilities and resources in different areas of assessment and evaluation that concern schools, teachers and key functionaries of school management.

In an attempt to annotate the central tenets of the Modern Assessment Theory and to publish global expertise in this field, the CAER is bringing out a range of publications that will suit the requirements of school teachers, principals, senior administrators, teacher educators, community practitioners and academicians through its relevant content presented in easy-to-read format. A few of the CAER publications are listed below:

I. CAER Newsletter

The CAER Newsletter is brought out on a quarterly basis which is published and disseminated to the education community at large, as well as to those with an interest in the education sector. The newsletter will be available to registered subscribers on the CAER website.

II. CAER Bulletins

The CAER Bulletins are theme based articles containing both theoretical content as well as practical samples and activities for educators to read and understand concepts related to assessments and evaluation. Bulletins will be brought out on a monthly basis by CAER.

III. CAER Assessment Monograph

The CAER Assessment Monographs are specialised publications on specific topics on assessment. These provide sufficient details and are adequately supplemented with examples consisting of detailed and in depth writing on a particular theme in educational assessment.

IV. CAER Monograph on Assessment Case Studies in Schools

The CAER Monograph on Assessment Case Studies in Schools brings out coverage of some of the best practices in assessments in scholastic and co-scholastic areas received from different schools across India. The series is intended to showcase innovative assessment practices in schools and help teachers and educators have access to rich source of practical samples for implementing formative assessment in their classrooms.

All CBSE schools may consider subscribing to the aforesaid publications as these will add great value to the quality and improvement of assessment practices of middle and senior school teachers, academic coordinators, head of departments and paper-setters.

If you have any queries about the contents of this letter or about CAER, please contact the Centre's Director, Ms Sarita Manuja at director@india caer.org.

Vineet Joshi
Chairman, CBSE
&
Chairman, CAER Executive Council
