7. 11 <sup>th</sup> to 13 <sup>th</sup> Feb. 2020	Jalandhar	4 <sup>th</sup> Feb. 2020	

The list of the selected students shall be available on the CBSE website 5 days prior to each AI-Thon.

**Please note that**

- AI-Thon is an extensive three-day workshop for students. The timings of each AI-Thon are from 9 am to 5 pm on all days.
- Each participating school should select only two students as per the eligibility criteria for participating in the AI-Thon.
- There is **no fee** for participating in AI-Thon.
- The participation in AI-Thon is strictly on first-come-first-served basis as the seats are limited.
- CBSE will not provide any TA/DA or stay facility to the participants. The participating schools shall have to make the travel and stay arrangements for the participants.
- Lunch and Snacks shall be provided during the workshop.

# CBSE – INTEL AI-THON

## INVITING STUDENTS TO JOIN CBSE – INTEL AI - Thon

CBSE in collaboration with Intel, is hosting three days deep dive hands on workshop: **AI – Thons: AI Readiness workshops for students**. Each full day workshop aims to introduce students to the basics of AI and taking them through the complete journey concluding with converting ideas to projects. This is in sync with the inclusion of AI as a subject by CBSE from the current academic year.

During these AI-Thon, students will attend sessions on following topics:

- Computer Vision
- Data collection
- Natural Language Processing
- AI Project Cycle Framework
- Sustainable Development Goals
- Data Science
- AI Ethics
- Creating real time projects

The key objective of these AI-thons is to enable and empower students with AI skills and use these skills to find solutions to the problems faced by the community related to climate change, food security health, sanitation etc. and thus become AI ready.

### Eligibility criteria for AI-Thon

- Any student of classes VIII to X from any CBSE affiliated school can participate.
- Students of schools who have opted for AI as a Skill subject may be preferred.
- Students with prior knowledge of Python and higher proficiency in Mathematics may be considered/preferred.
- Students with keen interest in learning/mastering AI and its application shall be given an opportunity.
- The participation in these workshops is strictly on first-come-first-served basis as the no. of seats at each venue is limited to 50 participants.
- Decision of the organizers shall be final.
